ANYWHERE HEALING

## Alpha Wearable

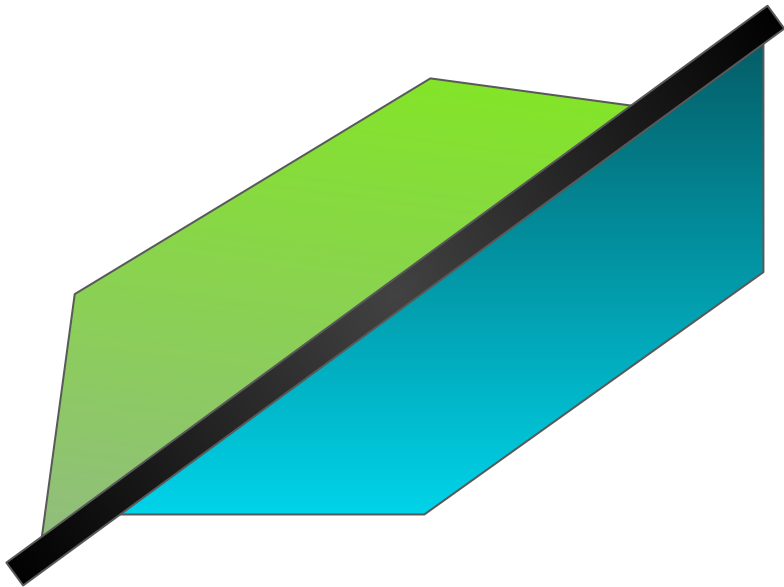

Revolutionizing Wellness with BioResonance Technology

## About Us

**HATSF** partners with innovative wellness companies to bring cutting-edge technology to the market.

Our collaboration with **Anywhere Healing** introduces the Alpha Wearable, a device designed to assist in the healing of chronic diseases, reduce stress, and promote overall balance within the body using BioResonance technology.

# The Problem

Chronic illnesses and stress-related conditions are on the rise globally. Traditional treatment methods often fall short, leading to a growing need for advanced, non-invasive solutions.

Problems on the rise:

- Chronic Pain
- Fatigue
- Insomnia
- Focus
- And much more...

## Our Solution...?

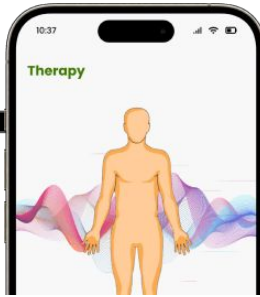

# Alpha Wearable

- Utilizes BioResonance frequency technology to aid in healing chronic diseases.
- Offers advanced tracking and monitoring capabilities.
- Provides multiple customizable therapy options.
- Designed with high-quality, hypoallergenic materials.
- Features a durable, scratch-resistant sapphire crystal display.
- Enhanced battery life for extended use.

## Product Features

- BioResonance technology for chronic disease management.
- Tracking and monitoring for wellness outcomes.
- Customizable therapy options.
- Comfortable and durable materials.
- Improved energy, focus, and reduced stress and anxiety.

# Market Opportunity

ANYWHERE HEALING

Strategic partnership with Anywhere Healing to expand market reach.

VOICEAMERICA™

Popular internet podcast distributor with two programs already approved for promotion

## Market Insights

Growing demand for non-invasive wellness solutions.

Increasing awareness and adoption of BioResonance technology.

## Revenue Streams

Direct sales through our website and distribution partners.

Subscription-based wellness programs.

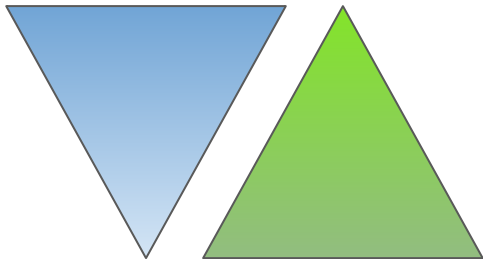

Partnerships with health and wellness centers.

## Promotional Activities

Trade shows with interactive demos.

Podcasts and Social media campaigns.

Special niche market engagements such as health fairs.

# VA

## Voice America Partnership

- **Voice America Podcasts:** Two podcasts in pre production phase aimed at promoting Alpha Pro to a broader audience.

### Voice America Podcast Sponsorship

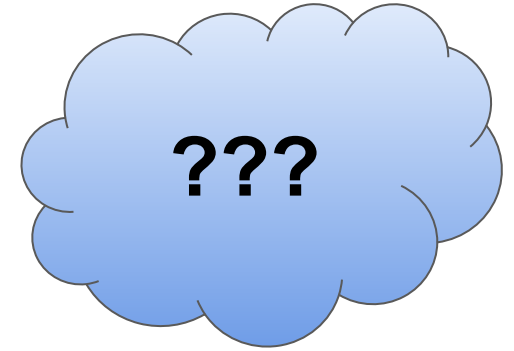

- **Potential Reach:** Voice America boasts over 3 million monthly listeners, providing a substantial platform for product exposure.
- **Audience Engagement:** Health and wellness topics typically engage 10-15% of the audience, translating to 300,000 to 450,000 potential listeners per episode.
- **Sponsorship Benefits:** Increased brand awareness, enhanced credibility through expert endorsements, and direct marketing to a health-conscious audience.

## Application in Education

### Alpha Pro in Schools

- Helps manage ADHD, anxiety, and trauma behaviors in students.
- Enhances focus, reduces stress, and promotes calmness in classrooms.
- Supports teachers in creating a conducive learning environment.

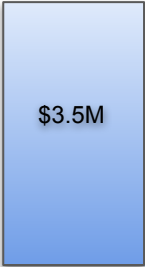

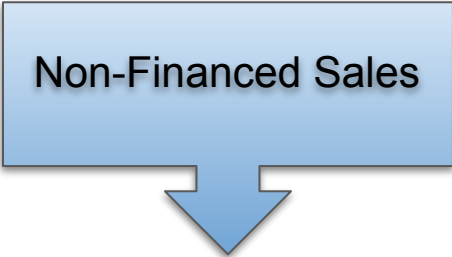

### Impact on Learning

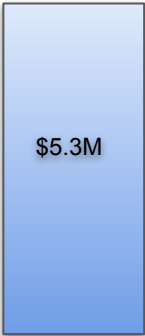

- **Statistics:** Approximately 9.4% of children in the U.S. (6.1 million) have been diagnosed with ADHD. Anxiety affects 7.1% of children aged 3-17 (4.4 million), and around 15% of children experience trauma behavior issues.
- **Learning Impediment:** These conditions can significantly impact academic performance, leading to lower grades, increased absenteeism, and higher dropout rates.
- **Potential Reach:** Implementing Alpha Pro can aid in improving the learning experience for millions of students, allowing them to perform better academically.

Wellness Begins Here

## Strategic Goals

- Expand product line with new BioResonance devices.
- Increase market penetration through strategic partnerships.
- Develop comprehensive wellness programs to enhance user experience.

# Funding Request

We are requesting funding of \$3 million, we aim to create a robust evidence base that supports the integration of BioResonance technology in educational settings, ultimately enhancing student well-being and academic success.

## Trials and Research

Research Design and Implementation - \$500,000

Equipment and Technology - \$400,000

Data Collection and Analysis - \$300,000

Reporting and Dissemination - \$200,000

## Customer Service and Technical Support

Development of Educational Content and User Guides - \$300,000

Customer Support System Implementation - \$400,000

Call Center Contract and Training - \$200,000

Device Materials - \$400,000

Marketing - \$300,000

## Estimated Return on Investment (ROI)

Average ROI for Health and Wellness Startups: Based on industry research, health and wellness startups often see an average ROI ranging from 1.5:1 to 2:1, depending on the specific market conditions and the effectiveness of the product and marketing strategy (FierceHealthcare) (The CEO Magazine) (Fitt Insider).

### ROI Calculation for Investors

Assuming a conservative ROI estimate of 1.5 investors can expect a return of 1.5 times their initial investment.

- **Initial Investment:** \$3 million
- **Expected Return:** \$4.5 million
